

Bird Sightings In Garland & Saline County

Garland	American Avocet	Hulsey Fish Hatchery	7/1/1995	1	Leif Anderson	
Garland	American Avocet	L. Hamilton Hatchery	7/8/1986	1	Helen & Max Parker	Full summer plumage. Possible identifiable photo.
Garland	American Avocet	Lake Hamilton	5/20/1989	1	Bill & Paula	Rare spring migrant; in breeding plumage.
Garland	American Bittern	Hulsey Fish Hatchery	10/23/1988	1	Bill & Paula Lisowsky	[also David Arbour - 23rd, Helen Parker 29th] Uncommon migrant.
Garland	American Goldfinch	near Hot Spring Village on Hwy 7	5/18/2002	4	Henry Bradley	2 males & 2 females. Adults.
Garland	American Tree Sparrow	Vicinity of Lake Hamilton Fish	1/10/1987	12	Bill & Paula Lisowsky	
Garland	American White Pelican	Hot Springs	4/29/1990	30	Bill & Paula Lisowsky	Uncommon migrant, especially in Hot Springs area.
Garland	American White Pelican	Hulsey Fish Hatchery	9/16/1989	75+/-	Bill & Paula	uncommon fall migrant
Garland	American White Pelican	near SW corner along Hwy 70	6/2/1990	50-100	William M. Shepherd	flock evidently migrating north very late
Garland	American White Pelican	on Hwy #7 So. of Hot Springs	4/9/1987	300	Bill & Paula Lisowsky	
Garland	American Wigeon	Lake Hamilton Hatchery	6/12/1992	2	Leif Anderson	6/12-19/92. These birds weren't present before 6/12. I don't know how long they stayed past the 19th
Garland	Anhinga	Hulsey Hatchery	11/6/1997	1	Helen & Max Parker	
Garland	Baird's Sandpiper	Hulsey Fish Hatchery	8/2/1990	2	Bill & Paula Lisowsky; Charles Mills	August 2-4, 1990. Uncommon fall migrant.
Garland	Baird's Sandpiper	Lake Hamilton State Hatchery	6/2/1992	2	Leif Anderson	5 other species, including W. Rumped for comparison.
Garland	Bald Eagle	Nest #1&2; Sec. 8, T2S, R21W. #3; T2S, R21W, Sec. 7. #4; Sec. 8, T2S, R22W.	1/1/1991	2-Feb	Lisa Hlass, Acting District Wildlife Biologist, Womble Ranger District, USFS, Mount Ida	Nesting. Nest No. 1 was used during the years of 1991 thru 1994. The District Wildlife Biologist Donny Harris observed two adults with one juvenile in 1993, & two adults & two juveniles in 1994. Harris indicated that Nest No. 2 was used in 1995. Hlass observed Nest No. 3 in 1996, but saw no evidence nest had been used. In June of 1997 Hlass found feathers, whitewash & fish bones beneath this nest, but observed no eagles using nest. In March of 1998, Hlass found another fish bone beneath this nest. No record of Nest No. 4 actually used. Harris noted a nest in this area in 1993, but no activity. In March of 1998 Hlass saw some whitewash below nest, & on adjacent snag. No activity at nest, but two adults perched less than half-mile away. Hlass found this nest blown down in Nov. of 1998, with a few
Garland	Black Tern	Lake Ouachita	8/28/1992	33	Leif Anderson	
Garland	Black-bellied Plover	Hulsey Fish Hatchery	10/3/1989	1	Bill & Paula Lisowsky	Oct 3 & Oct 7, 1989. Uncommon fall migrant, especially at this location. (Sightings were of 1 bird each time in same spot, same plumage: very likely same bird.) Winter
Garland	Black-bellied Whistling-Duck	Hulsey St. Fish Hatchery	5/11/1999	5	Jeff Newman, Phillip Livingston, Clint Coleman	Documented.
Garland	Black-headed Grosbeak	Hickory Nut Mtn.	10/7/1995	2	Frank, Mary, Joanna Reuter	2 females.
Garland	Blue-winged Teal	Hulsey Fish Hatchery	9/20/1997	300+	Dolores Harrington, Glen and Evelyn Good	Large # for ponds.
Garland	Brown Creeper	Hot Springs	6/16/1987	1	Paula Lisowsky	Rarely seen in summer in AR.
Garland	Canada Goose	Hulsey Fish Hatchery	10/17/1988	2	Bill & Paula Lisowsky	These birds were observed carefully and were identified as "Lesser" subspecies. Obvious smaller size
Garland	Canada Warbler	Hulsey Fish Hatchery	9/9/1988	1	Bill & Paula	Uncommon migrant.
Garland	Cape May Warbler	Hot Springs	5/4/1988	1	Bill & Paula Lisowsky	Rare migrant in Arkansas. Seen well, adult male in breeding plumage.
Garland	Cape May Warbler	Hulsey Fish Hatchery	9/2/1992	1	Leif Anderson	1 male fall plumage.
Garland	Cape May Warbler	Lake Hamilton Hatchery	8/30/1992	1	Leif Anderson	Fall plumage male.

Garland	Caspian Tern	Hulsey Fish Hatchery	7/16/1989	2	Bill & Paula Lisowsky	Very early migrant, especially for this location. One bird had very white "forehead". Both birds adults in molt
Garland	Caspian Tern	Hulsey Fish Hatchery	9/23/1989	10	Bill & Paula Lisowsky	Large number for this location. (Largest in many years.)
Garland	Cedar Waxwing	Hot Springs (in city)	3/10/1989	600+	Bill Lisowsky	High number, even for this species.
Garland	Cedar Waxwing	Hot Springs N. P.	2/13/1992	400+	Leif Anderson	Very large flock feeding in Holly.
Garland	Chimney Swift	Hot Springs N. P.	4/22/1993	250	Leif Anderson	Large numbers
Garland	Common Goldeneye	Ouachita River below Carpenter Dam.	1/16/1989	26	Bill & Paula Lisowsky	Large flock for this winter resident.
Garland	Common Ground-Dove	Hot Springs	6/1/2001	1	Teresa Mathews, verified by Leif Anderson	Teresa saw this bird in her driveway, called me and asked me to look at it. She knew it was a different dove, but wasn't comfortable ID'ing it to the species, since it was rare. Refound the bird that evening. Has not been
Garland	Common Merganser	Blakely Dam, Ouachita River	10/10/1999	1	Sharen Carter, Ashlyn Dugan	1 female. The "clean-line" break in colors of chestnut head and white breast, plus large size, separated this bird from a Red-breasted Merganser. Was observed at fairly close range for 20 minutes.
Garland	Common Redpoll	Hot Springs Village	3/7/2005	1	Peg & Bob Torczvaski	
Garland	Common Redpoll	near Hot Springs Village	12/18/1986	1	Alice Onley	Southern-most record in Ark. Ver. Doc. #698
Garland	Common Snipe	Hulsey Fish Hatchery	10/29/1988	17	Bill & Paula Lisowsky	Large flock, in open mud flat area, for this common but often hard to find species.
Garland	Common Tern	Andrew Hulsey Fish Hatchery - Lake Hamilton	8/5/1987	1	Bill & Paula Lisowsky	1 imm. Common Terns are rarely seen in Arkansas. This is an early date, also.
Garland	Dickcissel	Hot Springs	1/18/1987	1	Bill & Paula	1-18, 19, 25, 26 & 3-1-87. At feeder.
Garland	Evening Grosbeak	Ouachita National Forest	3/17/1996	5	Leif Anderson	Erratic. Migration flight - see Montgomery Co. record. ID by undulating flight, size, call, and by yellow coloration, 20 years experience in "north" country.
Garland	Forster's Tern	Lake Hamilton Fish Hatchery	12/7/1986	2	Bill & Paula Lisowsky	Late occurrence.
Garland	Glossy Ibis	Hulsey Hatchery	9/26/1992	2	Allen Weaver, Chris Kennedy - found bird; Leif Anderson - ID, Max & Helen Parker	adult birds in breeding, going to winter plumage. Confirmation: Pale blue legs with paler knee joints (mud?), 3 tone bill with darker tip (mud?) pale at base. Faint bluish eye-line. Dark eye, not red. Facial skin paler than head, not reddish. Olive breast, back, neck, head. Small circle of streaking starting on crown, neck. Iridescent green wings. White spot behind eye (peck spot?). Cream white undertail coverts. Drained fish pond, by small 25' wide pool of water. Feeding on minnows, bugs, crayfish. 60' with 10 X 40
Garland	Golden-winged Warbler	First St., Hot Springs	5/5/1988	1	Bill & Paula	Uncommon migrant in Ark.
Garland	Greater Roadrunner	near Royal	6/4/1987	1	Bill Lisowsky	Roadrunners are locally rare. This bird has been sighted in this location for 4 years.
Garland	Greater Scaup	Hulsey Hatchery	12/9/1992	2	Leif Anderson	1 male, 1 female. ID'd by wing pattern as flying.
Garland	Greater Yellowlegs	Hulsey Fish Hatchery	7/1/1995	2	Leif Anderson	
Garland	Green Heron	Hulsey St. Fish Hatchery	2/8/2001	1	Max & Helen Parker, Sterling Lacy, Loice	sight record. Immature. Approx. one month early.
Garland	Harris's Sparrow	Hot Springs	3/11/2001	1	Jerry Wayne Davis and Barbara S. Davis	1 male adult. Sunday March 11, 2001, 11:50 AM. Bird was seen twice for 5 minutes plus each time feeding on the ground with White-throated Sparrows, Chipping Sparrows, and Dark-eyed Juncos. It was observed by using 9x28 Fujinon binoculars at a distance of 15 feet; and through the lens of a 500 mm APO Sigma lens. The bird fed with other birds on the ground, left, and returned about 6
Garland	Hooded Merganser	Andrew Hulsey Fish Hatchery	12/12/1987	10	Bill & Paula Lisowsky	High count for this location.
Garland	Horned Grebe	Lake Hamilton (as seen from Hulsey Hatchery)	11/12/1990	34	Bill & Paula Lisowsky, Florence Mallard, Bill Shepherd, Charles Mills, et al	Large number for this species, particularly at this location.

Garland	Horned Grebe	Lake Ouachita	3/17/1989	20	Helen & Max Parker	
Garland	House Finch	Hot Springs	1/1/1988	1	Bill & Paula Lisowsky	Very rare in winter. Bird was female, seen at feeder.
Garland	House Finch	Hot Springs	12/17/1989	1	Bill & Paula Lisowsky	1 female. December 17-31, 1989. Very rare, but increasing, winter visitor. 2nd record at this location in last 3 years
Garland	House Finch	Hot Springs	1/19/1991	14	Bill & Paula Lisowsky	7 male, 7 female. Very high count for this location - species is listed as rare but increasing rapidly
Garland	House Finch	Hot Springs Village	1/6/1988	4	Patricia De Vries	1-6 & 7-88. Two pair. Ver. Doc. #728.
Garland	House Finch	Hot Springs, at feeder	11/18/1990	8	Bill & Paula Lisowsky	4 male, 4 female. Large number for this rare species. 2nd record for this location.
Garland	Hudsonian Godwit	Hulsey Fish Hatchery	4/14/1988	10	David Arbour	Casual occurrence; large number. 8 were in breeding plumage; 2 were in winter plumage.
Garland	Hudsonian Godwit	Hulsey Fish Hatchery	4/20/1996	5	Leif Anderson	5 birds 3/4 way to full breeding plumage. Uncommon. Checklist lists this as "uncommon" but I've only seen 1 in 4 years, so I'm treating this as "rare"
Garland	Jaeger sp.	Lake Ouachita	9/1/1996	1	Matt Fraker	Also, present on 9-2-96. Ver. Doc. #885.
Garland	Laughing Gull	Lake Hamilton	12/9/1994	1	Leif Anderson	1 adult breeding/winter. Mottled head & hood (partly from breeding to winter plumage?). Dark wing tips, dark legs, white tail
Garland	Le Conte's Sparrow	Hulsey Fish Hatchery	10/6/1990	2	Bill & Paula Lisowsky; Donald & Dolores Harrington; Wanda Green	October 6 & 13, 1990. Uncommon fall migrant or winter resident. Seen in overgrown sedge in drained fish pond.
Garland	Least Bittern	Hulsey Fish Hatchery	7/18/1988	1	Bill Lisowsky, Charles Mills	Uncommon species. Unreported from this location recently.
Garland	Least Tern	Andrew Hulsey Fish Hatchery - Lake Hamilton	8/2/1987	1	Bill & Paula Lisowsky	Least terns are listed as endangered in Arkansas and considered uncommon migrants
Garland	Least Tern	Hulsey Fish Hatchery	6/3/1990	1	Bill & Paula	Uncommon migrant in Arkansas.
Garland	Least Tern	Hulsey Fish Hatchery	8/20/1990	2	Bill & Paula Lisowsky	1 adult, 1 imm. Uncommon migrant for Arkansas. Adult was dropping fish to
Garland	Least Tern	Hulsey Fish Hatchery	9/9/1990	1	Bill & Paula	1 imm. Uncommon migrant in Arkansas.
Garland	Least Tern	Lake Hamilton Hatchery	7/11/1986	2	Helen & Max Parker	
Garland	Lincoln's Sparrow	W. of Blue Springs	6/4/1989	1	Helen & Max Parker	Late Migrant.
Garland	Little Blue Heron	Hulsey Fish Hatchery	11/12/1990	1	Bill & Paula Lisowsky	1 immature. This is a very late record for this species, especially at this location.
Garland	Long-tailed Duck	Hulsey Fish Hatchery	11/4/1989	1	Florence Mallard & m.o.b.	1 male. Through 2-25-90. Winter plumage. Also seen by Soc. of Central AR field trip. Still present on 11-22-89. Photographed, on 11-4-89. Seen Dec 10, 1989 and Feb 25, 1990 by Bill Lisowsky. Bird apparently
Garland	Marbled Godwit	Hulsey Fish Hatchery	8/4/1997	2	Helen & Max Parker	Adults
Garland	Merlin	East of Hulsey Hatchery	10/5/1988	1	Helen & Max Parker	Female or immature.
Garland	Merlin	Hulsey Fish Hatchery	10/17/1988	1	Bill & Paula Lisowsky	Uncommon migrant. Observed in flight for about 10 mins. at 50 vds. Bird was a male.
Garland	Merlin	Vicinity of Hulsey Fish Hatchery	10/22/1990	1	Bill & Paula Lisowsky	1 immature or female. Uncommon fall migrant.
Garland	Mourning Warbler	Hulsey Fish Hatchery near boat ramp	9/15/1989	1	Bill & Paula Lisowsky	Sept. 15-16, 1989. Uncommon fall migrant; seen 2 consecutive days in same vicinity.
Garland	Nashville Warbler	Hot Springs	4/2/1989	1	Bill & Paula	Early spring migrant.
Garland	Nelson's Sharp-tailed Sparrow	Hulsey Fish Hatchery	10/13/1990	2	Bill & Paula Lisowsky; Donald & Dolores Harrington; Max & Helen Parker	Also 10-14-90. Rare migrant in Arkansas; found in drained fish pond overgrown with sedge. Birds perched several minutes both days to allow careful identification. Gray nape, head pattern, streaked breast were all unusual. Excellent plumage.
Garland	Nelson's Sharp-tailed Sparrow	Hulsey Fish Hatchery	10/16/1992	1	Leif Anderson	1 adult "Nelson's". Buffy eye-line, and breast. Grey crown - center, bordered by dark brown. Unnotched tail. Dark back w/white
Garland	Northern Shoveler	Andrew Hulsey Fish Hatchery	12/27/1987	75	Bill & Paula Lisowsky	Huge flock of species; unusual for this location.
Garland	Olive-sided Flycatcher	near Lonsdale	8/28/1987	4	Bill Lisowsky, Paula Lisowsky	High number of migrating species. First sightings of fall. All within 1 mile of each
Garland	Osprey	Hulsey Fish Hatchery	9/3/1989	1	Bill & Paula	Early fall migrant for this location.
Garland	Peregrine Falcon	Hot Springs	1/7/2001	1	Leif Anderson	Feeding on pigeons at a local cemetery! (just a quick view, so not able to break it down to subspecies.)
Garland	Peregrine Falcon	Hulsey Fish Hatchery	5/5/1991	1	Leif Anderson	1 adult. Most likely anatum form.
Garland	Peregrine Falcon	Hulsey Hatchery	9/18/1991	1	Leif Anderson	Rare migrant; attacking Osprey; immature - Anatum.

Garland	Peregrine Falcon	Oaklawn horse racing track Hot Springs	9/19/1993	1	Leif Anderson	Chasing Rock Doves.
Garland	Pine Siskin	Hot Springs		100+	Leif Anderson	Last 2 weeks of March. Peak of migration: None in woods, or at feeder, all winter. Then in a 2 week period see flocks of 50 at the feeder, and many flocks (10-15) of over 100 out in the woods. (no year given)
Garland	Pine Siskin	Hot Springs	2/18/1990	75+	Bill & Paula	Very large flock of this irruptive species.
Garland	Pine Warbler	Hulsey Fish Hatchery	9/9/1988	160+	Bill & Paula	Large concentration of warblers.
Garland	Piping Plover	Hulsey Fish Hatchery	7/21/1990	3	Bill & Paula Lisowsky	Uncommon fall migrant in Arkansas. Very few records for county and Ouachitas.
Garland	Purple Martin	Lake Hamilton Hatchery	8/18/1992	84	Leif Anderson	
Garland	Red Crossbill	Hot Springs National Park West Mt.	1/11/1997	3	Leif Anderson	
Garland	Red Crossbill	Ouachita National Forest	2/13/1997	7	Leif Anderson	
Garland	Red Crossbill	Weyerhaeuser Corp. lands	1/21/1997	20-Oct	Heath Garner	Total of 95 from 1/21 thru 2/11/97.
Garland	Red Crossbill	Weyerhaeuser Corp; Ouachita N. F.; Hot Springs	3/23/1997	3-2-1-8	Heath Garner, Leif Anderson	Total of 14 birds from 3/23 thru 5/19/97
Garland	Red-breasted Merganser	Hot Springs Village, S. end of Lake DeSoto	5/3/1991	1	Helen & Herman Pfeifer	1 female. 1st record at this location.
Garland	Red-breasted Nuthatch	Hot Springs, Lake Hamilton	10/23/1992	1	Leif Anderson	
Garland	Red-breasted Nuthatch	Hulsey Fish Hatchery	9/9/1988	1	Bill & Paula Lisowsky	Early migrant, especially compared to this year's flight.
Garland	Red-necked Phalarope	Hulsey Fish Hatchery	11/10/1990	1	Bill & Paula Lisowsky	Rare migrant in AR; Needle bill, streaked back seen well. Bird was swimming/feeding on fish pond
Garland	Roseate Spoonbill	Andrew Hulsey St. Fish Hatchery	7/20/1987	1	J. B. & Jewell Herring, Bill & Paula Lisowsky	1 imm. 7-20, 23, 26-87. Bill & Paula Lisowsky on 7-25-87 & 8-1-87
Garland	Ruby-throated Hummingbird	Hot Springs Village	9/14/1998	1	Lou Leonatti	Albino - all white plumage, eyes dark; legs & feet pink.
Garland	Ruddy Turnstone	Hulsey Fish Hatchery	8/10/1997	1	Don & Dolores Harrington	1 transitional plumage. Uncommon migrant.
Garland	Ruddy Turnstone	Lake Hamilton Fish Hatchery	5/18/1986	1	Bill & Paula Lisowsky	Rare spring migrant.
Garland	Rufous Hummingbird	Hot Springs	12/10/2005	1	Jerry Davis, Carolyn Minson, Marty Lynch	Adult female. Trapped and banded by Max and Helen Parker on 12/10/ 2005. Departed on approx. 1/31/2006
Garland	Rufous Hummingbird	Hot Springs	12/10/2005	1	Jerry Davis, Carolyn Minson, Marty Lynch	Immature Male. Trapped and banded by Max and Helen Parker on 12/10/2005. Departed on 3/31/2006. At that time it had molted into adult plumage
Garland	Rufous Hummingbird	Hot Springs Village	1/12/2003	1	Helen & Max Parker	Imm male; trapped and banded. Last seen on 1/26/03
Garland	Rufous Hummingbird	Hot Springs Village (Rose & Bill Heeger)	1/12/2003	1	Helen & Max Parker	Trapped & banded. Immature male. Last seen on 1-26-03.
Garland	Sanderling	Hulsey Fish Hatchery	9/24/1988	1	Bill & Paula	Uncommon fall migrant.
Garland	Sandhill Crane	Mountain Valley	4/30/1993	1	Leif Anderson	1 immature. Small farm pond, flooded into deep grass 100' distance. Bird not refindable. Small amounts of "rust" on back, neck. Gray towards upper neck and head making me wonder if it was starting to change to adult plumage.
Garland	Scarlet Tanager	near Hot Springs Village on Hwy 7	5/18/2002	2	Henry Bradley	1 male & 1 female. Adults.
Garland	Scissor-tailed Flycatcher	Hulsey Fish Hatchery	9/17/1988	30	Bill & Paula Lisowsky	Very large flock for this species. Seen chasing bugs as a group.
Garland	Scissor-tailed Flycatcher	Hulsey Fish Hatchery	3/18/1990	1	Paula Lisowsky	Very early record for this species in spring.
Garland	Semipalmated Sandpiper	Hulsey State fish hatchery	4/12/1996	1	Leif Anderson	Winter plumage. Early. (two weeks)
Garland	Short-billed Dowitcher	Hulsey Fish Hatchery	9/3/1989	1	Bill & Paula Lisowsky	Uncommon fall migrant. Bird identified as juvenile in good plumage; buffy upper breast striking and scaly back
Garland	Short-eared Owl	Hulsey Fish Hatchery	10/17/1988	1	Bill & Paula	Early date for this uncommon winter
Garland	Sora	Hulsey Fish Hatchery	10/19/1988	14	Helen & Max Parker	Good count.
Garland	Sora	Hulsey Fish Hatchery	10/7/1990	1	Bill & Paula Lisowsky; Donald & Dolores Harrington	Also, 10-13-90. Uncommon fall migrant.
Garland	Spotted Towhee	Bull Bayou Rd	11/11/1996	1	Leif Anderson	Several Rufous Sided Towhees in area. Have seen spotted's several times in past years but they were subspecies then now a

Garland	Stilt Sandpiper	Hulsey Fish Hatchery	5/12/1989	1	Bill & Paula	Uncommon spring migrant.
Garland	Stilt Sandpiper	Hulsey Fish Hatchery	8/4/1990	13	Bill Lisowsky, Charles Mills	Large number; very few records of this species at this location.
Garland	Summer Tanager	near Hot Springs Village on Hwy 7	5/18/2002	2	Henry Bradley	1 male & 1 female. Adults.
Garland	Surf Scoter	Hot Springs, Hulsey State fish Hatchery	10/17/1992	3	Robert H. Doster	3 imm. Rare transient. Drew Phillips saw two on 10-18-92
Garland	Surf Scoter	Hulsey Hatchery	11/2/1991	1	Barry Haas	1 female. Seen on 11-5-91 by Helen & Max Parker. Probably same bird. Photo.
Garland	Swainson's Warbler	W. of Blue Springs. Blakely BBS	6/3/1990	1	Helen & Max Parker	
Garland	Veery	Hot Springs National Park	4/29/1988	2	Bill Lisowsky	Uncommon species in AR.
Garland	Western Kingbird	U.S. Hwy. 270 & County Rd. 227 (Sunshine Rd.)	9/2/2005	5	Marty & Wayne Lynch, Jerry Davis	On power lines.
Garland	White-faced Ibis	Hulsey Fish Hatchery	9/20/1997	1	Dolores Harrington, Glen and Evelyn Good	1 adult non-breeding. Rare Visitor.
Garland	White-faced Ibis	Lake Hamilton state fish hatchery	4/20/1986	5	Helen & Max Parker, Bill & Paula	AAS doc. #677. Slides on file.
Garland	White-rumped Sandpiper	Hulsey Fish Hatchery	4/3/1993	1	Leif Anderson	early
Garland	White-rumped Sandpiper	Lk Hamilton Hatchery	8/18/1992	1	Leif Anderson	11 other species including Bairds present.
Garland	Willet	Hulsey Fish Hatchery	8/4/1990	2	Bill Lisowsky, Charles Mills	Uncommon fall migrant.
Garland	Willet	Hulsey Fish Hatchery	8/10/1997	3	Don & Dolores Harrington	3 winter plumage. Uncommon migrant.
Garland	Willet	L. Hamilton Fish Hatchery	7/5/1986	4	Helen & Max Parker	
Garland	Yellow-headed Blackbird	Hulsey Fish Hatchery	4/23/1988	8	Bill & Paula	Uncommon migrant in Ark.
Garland	Yellow-headed Blackbird	Hulsey Fish Hatchery	9/18/1991	10	Leif Anderson	1 male, 9 females
Garland	Yellow-headed Blackbird	Hulsey Fish Hatchery	9/24/1994	1	John T. and D. Delynn Holleman	1 female.

Saline	Alder Flycatcher	Saline River Bottom (W. side) N. River Rd.	5/18/1988	1	Helen & Max Parker	Singing
Saline	Bachman's Sparrow	large 1-2 yr old clearcut, 34deg. 48'N 92deg. 53'W	7/16/1995	8	Lyndal York & Drew Phillips	8 males singing in well spaced territories. Were singing at 11:30 am, temp. 92 deg. We only covered 20% of the clearcut. Estimate 30-40 singing males in this area.
Saline	Blue-winged Warbler	Approx. 2 miles SW of Hwy. 9/298 intersection GPS 34 degrees 42.143' W 92 degrees 48.041' N	6/12/2005	3	Lyndal York, Dan Scheiman	Saw and heard singing. out of range.
Saline	Cedar Waxwing	ca. 13 miles N. of Benton	7/15/1992	1	William M. Shepherd	Extremely rare in mid-summer.
Saline	Common Merganser	Lake Ferguson	4/12/2004	1	Perk & Leanah	1 female adult
Saline	Lazuli Bunting	Alexander	5/4/2004	1	Janine Perlman	1 male. 4th state record. Ver. Doc. #952.
Saline	Least Flycatcher	Edwards Trail	5/19/1988	1	Helen & Max Parker	Singing.
Saline	Mourning Warbler	Edwards Trail	5/19/1988	1	Helen & Max Parker	1 male, singing.
Saline	Mourning Warbler	Saline River Bottom (W. Side) N. River Rd.	5/18/1988	2	Helen & Max Parker	2 males. Singing.
Saline	Red Crossbill	a few miles east of Hot Springs Village	4/23/2005	up to 10	Morris Boyd	up to 10 birds (4 adult males, 3 adult females, and 3 juveniles being fed sunflower seed by adults). 4/23/2005 (adult female). A few days later an adult male appeared. The pair fed daily at feeder. Around mid-May two pair of adults at feeder. On 5/23 3 juveniles came to feeder with adults. Around 1st of June 7 adults at feeder. Last Crossbill seen
Saline	Red Crossbill	Ouachita N. F. & Weverhaeuser Corp.	3/11/1997	103	Heath Garner, Leif Anderson	In 9 flocks; from 3-11 thru 5/9/97.
Saline	Red Crossbill	Ouachita National Forest	2/24/1997	7	Heath Garner	
Saline	Red-shouldered Hawk	Exit 12 on I-30	4/11/1991	1	Keith Sutton	Unusual sighting in this area by this

Saline	Ruby-throated Hummingbird	Lake Ferguson	6/11/2001	1	Perk Floyd	@ 7:12 PM. 1 male. Juvenile - heavy corrugations on bill. Speckled throat. No red feathers. No pollen. Lat. - Long. 343-0921. Band No. 88817. Trapped & banded by Perk Floyd. Wing 38.7mm; Tail 26.2mm; Bill
Saline	Ruby-throated Hummingbird	Lake Ferguson	6/25/2002	1	Perk Floyd	1 male. First juvenile of the season. Trapped & banded.
Saline	Ruby-throated Hummingbird	Lakeside Country Club	6/9/2005	1	Perk Floyd	1 HY male. Trapped and banded. Earliest this observer has trapped a HY bird.
Saline	Rufous Hummingbird	Sec. 34, T2S, R16W	8/18/2000	1	Rodney Bowen, Helen & Max Parker	1 imm. male. Bird appeared on 8-18-00. Trapped & banded by Helen & Max Parker on 8-19-00.
Saline	Rusty Blackbird	Hot Springs Village golf course	11/29/2005	2	Will & Dottie Lewis	females
Saline	Sharp-shinned Hawk	Crows (over the gas station #9 & #5 intersection)	6/17/1995	1	Lyndal York, & Drew Phillips	Near late date for this species
Saline	Summer Tanager	Alexander	8/7/2005	1	Janine Perlman	adult female. Fledged four young on this date without the help of a male for the past couple weeks.
Saline	Swainson's Warbler	Lorance Creek Natural Area	5/21/1999	1	Lance Peacock, Mike Fuhr, Doug Zollner	5-21 & 22-99. Singing male.
